BIG MORNING BLAZE ON SOUTH SIDE

Saw Mill of the Paducah Coop-
erage Company Burned.

The Loss Will be \$10,000, Par-
tially Covered by In-
surance.

FIRE STARTED FROM SPARK

The saw mill of the Paducah Coop-
erage Company, in Mechanicsburg,
near the Rehkoff tan-yard, was de-
stroyed by fire shortly after 4 o'clock
this morning, entailing a loss of about
\$10,000, partially covered by insur-
ance.

The blaze is supposed to have origi-
nated from a spark from the furnace
which ignited some saw dust. It
probably burned some time before the
flames burst forth, and not until then
did the watchman discover the fire on
account of a petition.

It was only a few moments after
the blaze shot up until the structure
was a mass of flames, and the watch-
man sent in a fire alarm over the
Western Union's signal service, and a
few moments another alarm was sent
in over the city's system. The alarm
was at 4:05 o'clock.

Both departments made quick
runs, considering the distance they
had to go, but the structure was prac-
tically destroyed when they reached
the scene, and they set about saving
the surrounding buildings.

Some of the tan yard buildings was
scorched, and some damage to stock
was done by water, but the buildings
were all saved, as were others in the
vicinity.

The Cooperage company's building
burned contained the machinery for
sawing, and was formerly a part of the
Kilgore plant, before the formation
several months ago of the Paducah
Cooperage company from the Kil-
gore, Hiram Blow and Hollingshead
factories.

It was stated at the Cooperage Com-
pany's office today that the loss would
be about \$10,000, partially covered by
insurance, and that the conflagration
would not in any way interfere with their
contracts, or the operation of the big
plant and delivery of goods, although
it will temporarily deprive a
number of men of work.

Insurance adjusters are expected im-
mediately to settle the loss, and the
work of building a new saw mill and
installing new machinery will begin
as soon thereafter as possible.

Manager Roper, of the Western
Union, and the manufacturers of the
south side, seem to be well pleased
with the promptness and efficiency of
the telegraph fire alarm service, and
the alarm would have been turned
into central station a minute or two
sooner had the Western Union system
been connected with the city's, as the
Western Union has requested permission
to do.

DATE CHANGED

ATHLETIC MEET WILL BE APRIL
22 INSTEAD OF APRIL 23.

The interscholastic athletic meet
being arranged by Physical Director
H. E. Steele of the Y. M. C. A. be-
tween different teams in the eighth
grade and high school of the Paducah
public schools, will take place April 22
instead of April 23, as originally an-
nounced.

The meet will take place at the
West End fair grounds, and a small
admission will be charged. The boys
are looking forward to it with great
enthusiasm.

Rector of Grace Episcopal Church to
Leave at Once for New Home.

Rev. J. W. Sykes, until recently
rector of Grace church, today received
a call from the bishop of the diocese
of Fon-Du-Lac, Wis., to report at once,
and take charge of one of the churches
in the diocese. It is not stated what
parish it is, and Rev. Mr. Sykes does
not know which one it is, but he will
leave at once to assume charge, and
expects to get away Thursday, if not
sooner.

Rev. Mr. Sykes has been in Padu-
cah for the past two years, and has a
host of friends here who will wish
him success in his new field.

His daughter, Miss Mary Sykes, left
last night for Washington to visit
relatives, and will join him in their
new home later.

WINDOWS BROKEN.

BUT SCHOOL AUTHORITIES DE-
CLINE TO GET WARRANTS.

Several days ago Franklin school
on South Sixth street was stoned by
boys and a large number of windows

were broken out. The school authorities
reported to the police the names
of the boys supposed to have committed
the vandalism, but as they declin-
ed to swear out warrants the police
declined to arrest any of the boys.
The school authorities, according to
the police, wanted them to arrest the
boys to "give them a scare," but the
officers say they are not in that business,
and will make arrests only when
legally justified.

The Mayor Intimates He May Appoint

MR. DURRETT UNDEOINED.

THE GRAND JURY REPORTS AGAIN

As the New Alderman to Succeed
Mr. Durrett.

There is much speculation at pres-
ent over who will be chosen alderman
to succeed Alderman Lucien Durrett,

who has been elected assistant super-
intendent of the city electric light

plant. Alderman Durrett's successor
will be appointed by Mayor Yeiser.

It is said that Mayor Yeiser may
name former Councilman Will P.

Hummel to fill the vacancy. Coun-
cilman Hummel won considerable dis-
tinction during his two years service

in the council because of his volun-
tary, and some of the alderman are already
anticipating his possible ap-
pointment to their board with signs of
distress and alarm.

It has been reported that Dr. J. G.

Brooks would be appointed, but this

is denied by some of the close friends
of Mayor Yeiser, who say that Dr. Brooks
does not want the place, and besides
would not be appointed because he is not a politician.

Mayor Yeiser today stated in regard

to the affair that he had not given the
matter any consideration, but that he
thought he would appoint whomever

Alderman Durrett suggested, provided
it was some one he could consistently
appoint. He said he thought possibly
it could be only right that the retiring
aldermen be allowed to select the
man to succeed him.

Some of the aldermen seem to think,

on the other hand, that the board of
aldermen might be consulted in the
selection of the new member in case
of a vacancy.

Alderman Durrett, who was present

and heard what the mayor had to say
about the appointment, stated that he
was not certain that he would resign

and accept the position to which he
was elected at the light plant, and
that he had not yet decided on any
one to recommend as his successor in
the board of aldermen should he re-
sign his seat.

MUCH MONEY WILL BE DISPOSED OF

Important Meeting of Methodist Board This Month.

Many Prominent Men To Gather in Louisville April 29 and 30.

THE BUSINESS ON HAND

More money than was ever before at the disposal of the General Board of Church Extension of the Methodist Episcopal Church, South, will be distributed for the building of new churches by the board when it meets in Louisville April 29 and 30. The available fund for donations amounts to about \$45,000, while \$50,000 is available for the loan fund, which will be used to assist struggling churches. The board will be in session two days and will distribute the money to the churches which are thought to need it the most. About two hundred applications will be considered. Dr. R. B. Gilbert of Louisville will probably be elected president of the board to fill the vacancy caused by the death of Presley M. M. All the officers will be elected to hold office until 1906, when the General Conference will meet. The present officers are: Dr. R. B. Gilbert, vice president; John Querbacker, treasurer; P. H. Whisner, corresponding secretary. The latter two will probably be re-elected.

The bishops who are members of the board and who will probably attend are: R. K. Hargrove, Nashville; A. W. Wilson, Baltimore; W. W. Duncan, Spartanburg, S. C.; Charles B. Galloway, Jackson, Miss.; E. R. Hendricks, Kansas City; Joseph S. Key, Sherman, Tex.; O. P. Fitzgerald, Nashville; Warren A. Candler, Atlanta; Henry C. Morrison, New Orleans; E. Hoss, Dallas, Tex.; A. C. Smith, Norfolk, Va. The following bishops will not attend: John G. Keener, New Orleans, and John G. Granberry, Ashland, Va.

The most important business will be the distribution of the fund contributed by the church for extension. The total sum contributed during the year is equally divided, one-half going to the general board and the other half being distributed by the district conferences. This year the general board will have \$45,000 to be distributed for church extension. This fund will be donated and the churches receiving it will not have to return it. The largest sum ever distributed by the board prior to this time was \$34,000.

In addition to this fund the board will have about \$50,000 to be loaned to churches in need of help. The churches are required to pay it back in half yearly installments, paying 4 per cent interest.

NEW CAPITOL

SECRETARY TAFT SAYS IT WILL BE OF GREAT BENEFIT.

Chicago, April 12.—Plans for the new capital of the Philippines have been made known by the Secretary of War, William H. Taft. Secretary Taft said:

"The new capital will be about 155 miles from Manila on a plot of ground over 3,000 feet above the sea level, which will make it far more healthy for Americans."

"It is to be to the Philippines what Simla is to India, and will be of great benefit to the Islands. The climate is superb, the location is good and the opportunities for men with capital will be very great."

A FAT GIRL

STRANGLE TO DEATH BECAUSE OF HER SIZE.

St. Joseph, Mo., April 12.—Sadie Hale, aged 17 years, died from what the physicians believe was natural strangulation. She weighed 400 pounds and was but 4 feet tall.

Miss Hale began growing rapidly two years ago, and the doctors could not stop it. It is believed that the fat became so heavy around the internal organs that the girl smothered to death. This is the only explanation the physicians can give.

Miss Estelle Vance, of Shreveport, La., has returned home after visiting Mrs. James English.

Board of Public Works Adopts New Plan For Street Repairs in Paducah.

A MEETING HELD LAST NIGHT

The Board of Public Works last night held a meeting and elected Mr. J. O. Kebbler superintendent of the city light plant, with Alderman Lucian Durrett as assistant. Mr. Kebbler has been acting as superintendent for the past year, having succeeded Mr. Harry Wallace. The superintendent gets \$100 a month and the assistant \$70.

While Durrett has never had any actual experience as an electrician, he has taken a course in it recently "on the sly." He will tender his resignation as a member of the board of aldermen at the next meeting. He has been in the board since it was established, and was formerly president of it.

An important action of the board of public works last night was in ordering Foreman James Ester to stop repairing the streets with gravel. It is generally recognized that the stuff bought as gravel in Paducah is hardly worth hauling, and the board is determined not to have the city pay for any more of it if there is any way to prevent. The plan is to have the streets needing repairs torn up and re-rolled with the street roller, which has already been done with apparent success on Jefferson and Court streets.

The board announces that all property owners must hereafter keep up sidewalks in front of their property. All persons or corporations who dig up the streets will be required to replace them in good condition, and the

W. C. Overstreet, residing at 913 Trimble street, in charge of P. F. Lally's meat department, corner of 10th and Trimble streets, says: "I have been refused by two different insurance companies lately on account of kidney trouble. My back was always aching and if I stooped over I could hardly straighten. I finally got right down sick and friends told me I must do something or I would die. I felt so languid and weak from the constant drain caused by the kidney trouble that I realized that I must do something more than what was being done for me. I am a poor hand to use samples or try remedies, but reading an advertisement one day about Doan's Kidney Pills and what they had done for just such a case as mine I resolved to try them. I was suffering more than anyone could describe at the time I sent down to DuBois & Co's drug store for a box of the pills. In less than a week I was feeling so much benefited by their use that I began telling my friends that it would only be a short time before I would be as sound as any man. The kidney secretions gradually disappeared, the annoyances ceased and I could sleep a full night without trouble. Well I continued to take them, buying more of them and they have done me a wonderful sight of good. I don't have occasion to complain of my back now, and have found out that the cause of it was the kidneys. I feel that I am cured, and don't look for any recurrence of the trouble, but if such a thing should happen, Doan's kidney pills will be what I shall use. I have induced several people to use them and I know they were benefited. You can use my name as a reference for I know that Doan's Kidney Pills are a grand remedy that will cure."

SEVEN HUSBANDS.

HOOSIER WOMAN HAS HAD A BIG SUPPLY IN FIVE YEARS.

South Bend, Ind., April 12—Miss Lizzie McCarty of Marion enjoys the distinction of having been married seven times in nine years. The first husband was Jesse Hammer, whom she married when she was 20 years old at Kokomo, and was divorced from him three months later. Two months later she married him again, and in less than four months got a divorce from him.

Her third husband, Lemuel Moore, was sent to the Michigan city prison and she obtained a divorce from him. She moved to Tipton, and there married Levi Jack, from whom, in less than a year, she got a divorce. The trouble killed this husband it is said.

Then she married Eli Coats at Tipton and lived with him two years, when she got a divorce on account of cruel treatment. She went to Marion and married Ed Hunt, from whom she obtained a divorce after six months. She resumed her maiden name.

been at the battle of Manila, but he doesn't talk like it.

Capt. Richmond Pearson Hobson does not appear, from present returns, to have worked the long-suffering American people for a seat in Congress, in addition to the many other things he has secured on the strength of his being a hero. What congress needs from the south is a few cool, sensible men, not "heroes."

Somebody has "tipped" it off that the bond issue voted by the people of Paducah last fall is invalid. Probably the wish was father to the thought. At any rate there is a certain element that has been trying to beat the bond issue from the start, and from indications it is still trying.

VALUE OF NEW YORK REALTY.

Immense Sums Paid for Tracts in Desirable Localities.

Leaving aside the vast valuations added to it by consolidation, the accumulations of property on Manhattan Island alone have been astounding. Once sold in bulk for \$24, the island now has a tax valuation, real and personal, of \$2,908,755,146. Its real estate values have risen prodigiously from the initial market quotation. Immense sums have now to be paid for tracts in desirable localities, as high as \$400 per square foot having been asked for sites in business sections, making a price of \$1,000,000 for a lot 25 by 100. Enormous fortunes have been built up by the increment of real estate values, the most striking example of these being the Astor estate founded on extensive purchases of land when the latter could be had for trifling sums. Like attracts like, and so Manhattan is attracting to it makers of fortunes from all parts of the country. No other city possesses so many millionaires as does New York, and their presence here is no slight factor in the running up of property rights.—Leslie's Weekly.

When Water Was Not Popular.

Until comparatively recent times there was a medical prejudice against drinking water. Sir William Vaughan in his "Natural and Artificial Directions for Health" declared that water "ought seldom to be drunk." Another doctor admitted that it might be healthful for children, but not for men—"except some odd abstemious one among a thousand," perchance, degenerate and of doggish nature, for dogs of nature do abhor wine." Indeed, the recommendation of water as a beverage was supposed to be the sign of the quack. Even Wesley, in his "Primitive Physic," wrote of it with caution: "Drinking only water if it agrees with your stomach; if not, good, clear small beer."

LET'S HAVE SOME LIGHT.

As a matter of public interest, the Board of Public works should prepare a statement showing how much money has been spent in Paducah for gravel, from whom it was purchased, how much it cost, where it was put and who hauled it, and what was charged for hauling it. When it is seen who gets the benefit of the enormous amount of money the city spends every year for street repairing, so-called, some reason for not wanting to begin work on the permanent improvements, expected by the people when they voted the \$100,000 bonds, may be found.

Every block of street not paved costs the city money for repairs. Gravel has to be bought, hauled, spread, and then carted away in a few months as dirt. If fifty blocks of the streets used most were paved, it would knock a big hole in somebody's profits. The tax payers will not care anything about that, however. It is not understood why there should be so much inexplicable delay in these improvements. No excuse is offered. The suit to test the validity of the bonds, although generally believed to have been unnecessary, will be decided soon, and in the meantime, in anticipation of a favorable decision, a great deal could have been accomplished. Have the boards ever done anything at all? Have they even decided on what streets are to be paved so the engineer might make the surveys and prepare the specifications to be used in securing bids on the work? In fact, have the legislative boards ever done anything at all except refer the matter to first one committee and then another and keep putting off action from day to week, and from week to month?

In the absence of any sensible excuse, the people, from divers and sundry expressions heard, seem to be thoroughly disgusted with the manner in which public business is being conducted in Paducah.

A French writer has just written a most caustic criticism of the hero worship in America which prompted the people to praise Admiral Dewey and call him a hero because of the battle of Manila. The Frenchman says the so-called battle of Manila was nothing but a wanton wholesale murder, as he was there and saw it. He says that the United States vessels attacked a lot of Spanish hulks and killed the sailors by the thousand, without giving them a chance to surrender. The Frenchman may have

There is really very little in these socialistic questions of municipal ownership. The public, often the more ignorant classes, is wrought up to a high pitch of expectancy by the sophistries of cranks, but in a majority of cities municipal ownership of such utilities, if possible at all, would be just like a city managing other things. In some, where the officials have the interest of the people at heart, and set out with only one purpose in view, that of building up a city of which everybody may justly feel proud, such as Baltimore, the "city without a graft," municipal

Thacher Medicine Co., Chattanooga, Tenn.

Gentlemen—"I have been using your Liver and Blood Syrup, and find that it has no equal as a liver regulator. I have been suffering for the past six years with indigestion and piles caused by irregular action of the bowels, and on taking the first few doses I found relief."

"At this writing I can truthfully say that I feel better than I have in the past ten years, and I believe that if everyone would use Dr. Thacher's Liver and Blood Syrup they would save both money and health."

Yours very truly, J. C. CALDWELL.

KIDNEY TROUBLE FOR FIVE YEARS.

CURED IN ELEVEN WEEKS.

Thacher Medicine Co., Chattanooga, Tenn.

Gentlemen—"I was troubled for five years with kidney disease, also weakness of the pelvic organs, causing much pain and no little anxiety. I tried many remedies, but none helped me until I took Dr. Thacher's Liver and Blood Syrup. I experienced relief within two weeks, and, although my recovery was slow, I faithfully continued the use of the remedy for eleven weeks when I was completely cured."

"I am indeed grateful, and have advised a number of my friends troubled with kidney and liver troubles to take your remedy, and those who have followed my advice have been well pleased with the results."

Yours very respectfully MRS. F. M. BURT.

We honestly believe that there is no better Liver Medicine on the market than Dr. Thacher's Liver and Blood Syrup—It won't cost you a cent to try it.

JUST WRITE!

That every sick one may know and test for themselves the great merit of Dr. Thacher's Liver and Blood Syrup, a sample bottle and Dr. Thacher's Health Book will be sent Free to those who will write now. Give symptoms for advice.

You put yourself under no obligations whatever to us by sending for a free sample or writing our consultation department. The result of doing so may mean much to you.

OFFICIAL CALL FOR REPUBLICAN CONVENTION

Paducah, Ky., April 11, 1904.

By authority of the state central committee and upon call of the district committee, and by call of county chairman, the county executive committee met this day at the Palmer house in Paducah, Ky., and ordered a county convention of delegates representing the Republican party, to be held at the county court house, in Paducah, Ky., on April 23, 1904, at 11 o'clock a. m. for the purpose of sending 25 delegates to the state convention to be held in Louisville, Ky., on May 3, 1904, and 25 delegates to the district convention to be held in Paducah, Ky., April 28, 1904. The Republican electors of this county are called to unite in selecting delegates to this convention.

In selecting delegates to this convention the Republicans of McCracken county are hereby called together on Thursday April 21, at 3:30 o'clock p. m., in their respective precincts in mass convention at their voting places, except as hereinafter provided, to elect a precinct chairman, who will be the member of the county committee for the next four years, and to elect a delegate or delegates from that precinct to the county delegate convention herein called to meet at Paducah, Ky., on April 23, 1904. The precinct mass conventions shall be held in each precinct at the place of the last election for the state officers was held, providing that in the event the long, hard winter has taken the "starch" out of most people. They are "fagged out," their blood is thin and in bad condition. They need a blood-purifying tonic.

In the event the precinct committee of any precinct, cannot from any cause hold the convention in his precinct he may designate any good Republican to hold said convention, but the credentials of the delegate and newly elected committee must be signed by the regular committee of that precinct.

Each precinct in the county that sends less than 150 votes at the last presidential election, and each new precinct that has been established since said election, shall be entitled to one delegate in the county convention, each precinct that polled more than 150 votes at the last presidential

For Study of Electricity.

An appropriation of \$275,000 for a New York state electrical laboratory at Union College, Schenectady, is recommended by a commission appointed to determine the necessity for such an institution. The laboratory is to supply information on questions of electrical science, and an official standard for electrical measuring instruments and apparatus, together with standards for electric wiring of buildings for the protection of municipalities and the general public. Germany has such an institution.

Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

ARMY TRIALS

AN INFANTRYMAN'S LONG SIEGE.

This soldier's tale of food is interesting.

During his term of service in the 17th Infantry in Cuba and Philippines, an Ohio soldier boy contracted a disease of the stomach and bowels which all army doctors who treated him pronounced incurable, but which Grape Nuts food alone cured:

"In October, 1899, when my enlistment expired, I was discharged from the Army at Calulue, Philippines, and returned to the States on the first available steamer that left Manila. When I got home I was a total wreck physically and my doctors put me to bed saying he considered me the worst broken-down man of my age he ever saw and after treating me six months he considered my case beyond medical aid.

"During the fall and winter of 1900 and '01 I was admitted to the Barnes Hospital in Washington, D. C., for treatment for chronic inflammation of the stomach and bowels but after 5 months returned home as bad as ever.

"I continued taking medicine until February, 1902 when reading a newspaper one day I read about Grape Nuts and was so impressed I sent out for a package right away.

"The result is quickly told for I have used Grape Nuts continually ever since with the best results, my health is so I can do a fair day's hard work, stomach and bowels are in good condition, have gained 40 pounds in weight and feel like a new man altogether.

"I owe my present good health to Grape Nuts beyond all doubt for medical science was exhausted."

Name given by Postum Co., Battle Creek, Mich.

Had he consulted any one of several thousand physicians we know of, they would have prescribed Grape Nuts immediately.

Look in each package for the famous little book, "The Road to Wellville."

REPORTED DEAD

RELATIVES OF MACK GARRETT HEAR BAD NEWS, AND ARE INVESTIGATING.

Relatives in Paducah today heard bad news in regard to Mr. Mack Garrett, a well known painter who went to Texas some time ago to work. A painter from St. Louis who arrived here to work stated that he was told there by a painter from Texas who was well acquainted with Mack Garrett, that the latter fell from a bridge which he was painting about three months ago, at Beaumont, Texas, and was killed.

While relatives here do not understand why they should not have been notified in case of such an occurrence, they have not heard from him for some time, and upon hearing the report today promptly telephoned to Beaumont to get the facts, but have not yet received an answer.

Mack Garrett is well known in Paducah. He is a nephew of Mrs. Joe Petter, wife of the jeweler, and has a sister working at Mrs. Girardey's, and is also related to Mr. Alex McConnell, the artist, and to many other people here.

\$500 DAMAGES

ASKED BY A RURAL CARRIER ON ACCOUNT OF AN AUTOMOBILE.

John B. Clark, carrier of rural route No. 2, today filed a suit in circuit court against Dr. Frank Boyd for \$500 damages for injuries sustained by being thrown out of his wagon on the afternoon of March 12.

Clark was driving out Broadway when Dr. Boyd came spinning down the road in his automobile. Clark's horse became frightened and threw the driver out, injuring him. He asks for \$500 damages, claiming the accident was due to the defendant failing to stop and take the necessary precaution to prevent a runaway.

WAS HE A DOCTOR?

Good Samaritan Wasp Helped His Unfortunate Brother.

A story of how one wasp cared for another that had been injured is told by a gentleman who, while reading the newspaper, felt bothered by the buzzing of a wasp about his head and knocked it down. It fell through the open window and lay on the sill as if dead. A few seconds afterwards, to his great surprise, a large wasp flew to the window-sill and, after buzzing round his wounded brother for a few minutes, began to feed him all over.

The injured wasp seemed to revive under this treatment, and his friend then dragged him gently to the edge, grasped him round the body, and flew away with him. It was plain that the stranger, finding a wounded comrade, gave him aid as well as he could and then bore him away home.

Varies of Our Language.

The late Dr. Tanner when in paroxysm once moved the house of commons to uproarious laughter by his uncertainty with regard to the word "schedule." First he made the "ch" hard, in the American manner, and when that was received with a laugh he paused and floundered over it like a startled schoolboy. As he plunged from one pronunciation to another the house shouted with merriment. As a matter of fact, the best English dictionary is give a choice between "schedule" and "agenda."

VARIABLE ROUTES TO FLORIDA.

In addition to the numerous facilities provided for the comfort and pleasure of Florida travelers, the Southern Railway and Queen & Crescent Route have this year added a new and unusually attractive feature in the form of a variable route tourist ticket, by means of which, at a slight additional expense, the going trip may be made via Chattanooga, Atlanta and Macon and the return trip via Savannah, Columbia, Asheville, Hot Springs and Knoxville—vice versa—including stop off, if desired, at all of these points, so that a passenger may visit Lookout Mountain, the beautiful "Sapphire Country" the "Land of the Sky" and the principle commercial centers and tourist resorts en route.

The "Chicago and Florida Special" is a superb train composed of through Pullman Drawing Room sleepers, composite car and dining car, leaves Cincinnati every evening except Sunday, via the Queen & Crescent Route. A handsome observation sleeper leaving Louisville at 7:25 p. m., is attached to the "Special" at Lexington and this train then runs through solid via Southern railway from Chattanooga to Jacksonville and St. Augustine, arriving at 9:30 p. m. and 10:35 p. m., respectively the next evening, making connection at Jacksonville for interior Florida points.

The "Florida Limited" leaves Cincinnati every morning the year around via the Queen & Crescent Route connecting at Lexington with the Southern railway trains from Louisville. This train also runs through solid to Jacksonville and St. Augustine via Southern Railway from Chattanooga carrying sleeping cars, observation and dining car, arriving at 9:45 a. m., and 11:15 a. m., respectively.

The Q. & C. "Special" leaving Cincinnati every evening carries Pullman sleeper through to Jacksonville via Southern railway from Harriman Jet. through Asheville, the "Land of the Sky" and Savannah. This train also connects at Lexington with train from Louisville.

This is of course corresponding fine service via each of these routes on the return trip. Either of the following booklets will be sent on receipt of two cent stamp "Land of the Sky," "Winter Homes," containing hotel list, "Hunting and Fishing in the South," containing game laws, Cuba folder, etc.

Complete information as to rates, schedules, etc., will be gladly furnished on application to C. H. Hungerford, D. P. A. Southern railway, 234 Fourth Avenue, Louisville, Ky.

SUFFERED ALL HER LIFE.

Miss Emma Mellwain Could Find No Relief Until She Took Shoffner's Sure Cure.

Covington, Tenn., March 27, 1901.
Mr. M. L. Shoffner,
Shoffner-Hayes Med. Co.

To give you a full description how I suffered from indigestion would make a book when written out. Will tell you as near as I can in as few words as possible. I have suffered with indigestion for years, in fact, nearly all my life, but did not know it, until four years past, and my physician told me. He put me on malted milk and a tonic which did me no good, and I lived on the milk nine months without missing a meal. I was almost starved and commenced to get very thin. Then thought it would finally kill me. Up to November 1900, I suffered fearfully, and sometimes I thought every breath would be the last one. I was so weak that I could walk but a few steps without resting, and vomited day and night, was so badly swollen it was painful to move. My limbs and back hurt me so I couldn't rest day or night. I am sure nobody ever suffered more than I did with indigestion. I had heard of your medicine, Shoffner's Sure Cure, but of course had no faith in it like all others, but in November I decided to try it. I commenced to try it on Friday at dinner and by Sunday dinner had taken six doses, and went down to dinner and ate just what I wanted of everything on the table, and it didn't hurt me at all. I have taken four bottles and am stronger and feel better than I have in years. I tell everybody to take your medicine and advertise it all can. You can use what you please of this letter, and I sincerely hope it will help you sell your medicine. I can truthfully say it is fine for indigestion. I hope God may spare you to live and make this medicine always. With best wishes all along through life for you.

LORD CURZON.

WILL NOT RETURN TO INDIA—
HIS WIFE IS ILL.

London, April 12.—With the possible exception of the sudden development of the duchess of Marlborough's new fad for the reclamation of the unfortunate of her sex, on the lines laid down by Lady Henry Somerset, and in the prosecution of which she may draw the young duchess of Roxburghe after her, the only event of recent import has been the arrival of a little girl baby at the home of Lady Curzon of Kedleston, the wife of the viceroy of India, and once Miss Mary Leiter of Chicago.

This pleasant break in the general monotony was immediately followed by the announcement that Lord Curzon will return to England on an extended leave of absence.

A natural wish to see his newest baby might reasonably enough inspire the action of Lord Curzon. But even Mr. Balfour's carefully framed and highly ambiguous reply in the House to a question as to whether Lord Curzon's return to England would involve his resignation, that the return of the viceroy would of necessity end his term of office and that it would then be open to the king to reappoint him if he chose to do so, does not serve its purpose of hiding the truth, which is that Lord Curzon has no intention of returning to India.

To those who are aware of Lady Curzon's intense dislike of India and the thousand petty ceremonies and rules of etiquette in which she has had an enforced part, the speedy termination of Lord Curzon's reign seems certain. Lady Curzon's health has suffered severely under the strain of the duties imposed on her, and when she left India a few weeks ago it was with the determination that no power could induce her to return.

POLICE BOARD.

MEETING HELD BUT NOTHING OF IMPORTANCE DONE.

The board of fire and police commissioners met last night but transacted little business.

Chief of Police James Collins reported to the board that Officer Ernest Hill decided not to resign and no successor was consequently elected.

Fire Chief James Woods reported that the work on the new station was progressing rapidly and would be pushed as rapidly as possible in order to have the buildings in finished in time for installing the apparatus when it arrives.

The commissioners discussed the matter of Officer Ed Clark's election to the office of license inspector. When Mr. Clark qualifies as license inspector, the vacancy will then be filled on the police force by the commissioners who will call a special meeting for this purpose.

USED LIFE PRESERVER

ILLINOIS PRISONER ESCAPED TO THE KENTUCKY SHORE.

Deputy Sheriff Harve McCormick, of Golconda, went to Hamletsburg, Ill., after George Reynolds on the charge of selling whiskey without a license. He secured his man after some search and was taking him to Golconda on the steamer Royal.

The officer kept an eye on Reynolds when landings were made, but when the boat was again under way he was less vigilant and allowed his prisoner the freedom of the craft. This side of the Bayou the deputy sheriff discovered that Reynolds had deliberately taken a life preserver and jumped overboard shortly after the boat pulled out from Bayou, and swimming to the Kentucky shore, made his escape.

The quality in the goods we offer can be seen and realized. It has not to be searched for.

The note that rings through the whole store is—value. You get that here whether the sum total is five cents or five times that many dollars. This stock of

FURNITURE
contains only goods that are worthy in every respect and very desirable.

Our Opening Days

Are 312 days a year. Any hour we are ready, willing and delighted to show you the largest, most complete and best quality, far the lowest price stock of Furniture in the South. Our methods are on a solid foundation, as proven by 34 years of uninterrupted success. Our motto: "The Best Goods for the Least Money," is justified by thousands of customers who buy of us from year to year. We take our annual inventory May 1, and for this reason our always reasonable prices will the next few weeks, be sensationaly low. We invite you to call and avail yourself of the acres of bargains to be sold.

The centre of attraction in the room should be the Centre Table, and will be if one of these exquisite productions of a very careful maker is purchased. In design many of these

CENTRE TABLES
are different from any that can be seen elsewhere. There are no two alike. The material is mahogany, golden oak, imitation mahogany and cherry.

The next match games to be played here will be played on Thursday, Friday and Saturday between the Paducah K. L. T. league team and a crack professional team from St. Louis. This date was arranged yesterday and will enable the local fans to see some more good baseball.

All teams have remitted this guarantee money to Secretary Farabaker and it will this week be forwarded to Treasurer Dick Rudy, of this city. Everything looks good in all towns and the success of the league is assured.

The local grand stand and grounds have been repaired and there is now one entrance divided into two, one for the bleachers and one for the grand stand. The refreshment stand has been built new and a new ticket office erected. The grounds will be incessantly worked until they are in the best condition possible.

Mr. Sam Jackson, owner of the local team, has announced the full team as follows: Nippert and Land, alternate at catching and first base; Brady, Freeman, Hudson, pitchers; Potts, second; Bateman, third; Gillegan, short; Virgils, center; Violet, left and Barlow, right field. Girard will be a utility man. This will constitute the full team which with Manager Ray will make thirteen men on the road, but then Paducah ball players are superstitious.

Willie Popp has been secured to manage the K. L. T. league Vincennes team this season. He is a pitcher and has played with Terre Haute and several other teams.

NEW VESTRYMEN.

CHOSEN FOR GRACE CHURCH LAST EVENING.

The annual parish meeting of Grace church was held last evening at 8 o'clock. The usual reports of the treasurer of Sunday school superintendent and the various societies were presented and accepted, after which the following named gentlemen were elected to serve as vestrymen for the ensuing year: Messrs. E. P. Noble, M. B. Nash, R. A. Hicks, W. F. Bradshaw, Jr., Alex Kirkland, Muscoe Burnett, Cook Husbands, J. E. Baker and R. G. Terrell.

A meeting of the vestry will be held this afternoon at 5 o'clock at the office of W. F. Bradshaw, Jr., to elect officers and to select delegates to the diocesan council which convenes at Hopkinsville May 15.
